About me

As a skilled foreign language correspondent, certified by the chamber of commerce and industry, I have worked for many years in various companies as a contact person for staff and clients fulfilling a range of organisational and communicative activities. Throughout my career, I have further developed my skills. For example, in 2016 I took a course in Marketing and Distribution at Comcave, Wuppertal and in 2015 I participated in a one-year course in Professional Speaking at the Deutsche POP in Cologne. From 2002 until 2004 I successfully completed my vocational training as a Foreign Language Secretary, specialising in English and French, at the Business Vocational College, Dusseldorf. Besides languages, the syllabus also included subjects such as employment law and economics. Furthermore, I have been trained as free speaker for marriage sermons and I also work on a free-lance basis as a presenter, speaker for cinema advertisements and writer. As a wedding planner, I am able to combine my experience and passion and offer you the best possible support in all aspects of your special day. Please do not hesitate to contact me.

Our Service

Starting with choosing the right wedding date, the best location for the ceremony, planning the budget and finalizing the guest list, as first steps. Next, comes the selection of the musician/band/DJ as well as the wedding photographer/videographer, finding the right wedding dress/suit and arranging catering for the ceremony/party. In case of a free wedding, the right speaker needs to be found for the sermon, a task which I would be delighted to fulfil myself. Due to my expertise and sensitivity it is of utmost importance for me to speak literally out of your hearts.

Wedding cards and the creation of a list for gift ideas follow, as well as making an appointment with a stylist/hairdresser, planning the honeymoon, arranging gifts for the wedding guests, arranging appropriate hotel accommodation for the guests, finding of a jeweller, planning of children's supervision, finalizing the wedding schedule, ordering wedding decorations, booking dancing courses, choosing and ordering wedding floristry, reviewing the wedding schedule with all suppliers, selecting a wedding cake, finalizing the seating and table arrangements and arranging the wedding-eve party.

And on top: If needed, I will not only be the contact person at your wedding location to ensure that things run smoothly, but also will help guide you and your guests through the programme and will be ready to intervene... just in case anything doesn't go exactly as planned. I will ensure that your guests know when to 'rest' and 'chat' and will also take care that there are no 'awkward silences'. Our priority is that your big day is exactly as you wish it to be! In order to achieve this, I will ensure that you, the bridal pair (and your guests) are focus of the event!

Wedding date

How often do we hear about it...? One would like to marry in summer and all the dates are already booked? There are often beautiful, warm days from April until September that fit well. Together, we will find the ideal date which I can reserve for you at the registry office.

Location

An incredibly important decision! What type of location would I like my celebration to take place in? Classy, elegant, stylish, rustic or in nature? A castle or a restaurant with dance floor? Share your dreams with me so that we can make them come true... Through my excellent contacts, I can recommend suitable locations for every budget.

Budget Planning

You define the budget. I seek to provide you the best possible options for your budget. I can of course support in the planning.

Guest List

Family and friends... but whom? Whether, a small group or a large party, it is my pleasure to support you in deciding who to invite...

Musicians/Band/DJ

Whether you would like to book a lone guitarist or an entire band... including a saxophone player? No problem! I have great contacts in the music industry and also play several instruments myself.

Wedding photographer/videographer

What would a wedding be without lasting memories? Whether you would prefer photos or a video – we will find the right format for you.

Wedding Attire

The importance of wearing your dream wedding dress or the perfect suit should not be underestimated... No matter which style, we will find the right bridal shop – even for small budgets

Jeweler

No wedding is complete without rings. We have contacts to jewelers that consider your individual wishes and even custom-make rings themselves. With a stone, in silver or gold? No problem!

Catering

Sausages with potato salad or an exclusive buffet. We can arrange the right catering for every taste.

Speaker - Marriage sermon

Save costs and book me as the speaker for your marriage sermon and 'Master of sermons' for your free wedding. I am open-minded, passionate, sensitive, empathetic, as well as being flexible and reliable. Including romance and humour and, if applicable, rituals, my speech will have charm and depth – for you so that it will become yours. This is also possible in English, due to my original profession and lengthy stays abroad. Please let me know your love story. I will then create a speech that fits you. Of course, your marriage witnesses, for example, can be included – you will recognise yourself in my speech, I promise.

Wedding cards

Whether "save the date" cards, menu cards, name plates or deco cards... Regardless of the form or colour, we will find solutions which are both creative and cost-efficient.

Wedding decoration

What would a wedding be without decorations? Flowers, festoon or a stylish Juke music box

Wedding floristry

Flowers for the hair or the car, bridal bouquet and co.? White or lilac, pink or red? Extravagant or simple?

Wedding cake

The right wedding cake: how high should it be? Raspberry cream or chocolate? With fruits or caramel?

Make-up/Stylist/Hairdresser

You could do it yourself but a professional might be able to do it better? Especially for this special day? Maybe only with natural cosmetics?

Presents for guests

A frequent custom - decent "Thank you" presents for the treasured guests. We work, for example, with a manufacturer of chocolates and fine pastry. Other presents are of course possible as well.

Hotel

Your guests come from further away and need a place to stay? No problem, from less expensive options to exclusive hotels, we provide advice.

Dancing class

Waltz, tango or cha cha cha... For beginners or a refresher course...

Child-care

Often underestimated but definitely worthwhile: child-care, or at least a bouncy castle is recommended.

Discussing and Finalizing the Wedding Programme

If applicable, involving the wedding witnesses and flower children, ensuring close interaction with all suppliers for a smooth flow

Table arrangements

Discussion with restaurant/catering

Seating arrangements

In line with the guest list

Honeymoon

You are looking for the right idea or travel agency? Maldives or North Sea? For one week or 14 days?

Wedding-eve party

And not to forget, the wedding-eve party! We would also be very happy to support you here. It can get loud, shards bring luck?! Or maybe a dancer or an adventure tour? It does not always have to be a tour through the old city... And a cosy get-together at a nice location in the evening...
